**RE: Waukesha County Main Highway Shop Cistern Removal Project**

Dear Keith:

I wanted to take this opportunity to reaffirm what I told you last Friday in our conversation regarding the above-mentioned project. I feel that your firm and particularly the crew you assigned to this project put forth an outstanding effort to make sure that we met our project goals and timetable. I was impressed from the beginning with the professionalism and positive attitude you and your employees brought to the task. Your crew members were responsive to questions and direction. They used their time and equipment efficiently and were flexible when on-site conditions changed. Under challenging time, coordination, and site constraints you all performed admirably.

I would not hesitate to recommend your firm for work in the future.

Sincerely,

Leslie W. Williams, RHSP, CHMM  
Hazardous Materials Coordinator
